CHÂTEAU de  
SAINT-MARTIN

CRU CLASSÉ

## History

Since 1740, a family of French nobility has passed the Château from generation to generation, and particularly from woman to woman. The only man to have managed the Château de Saint Martin is Count Edme de Rohan Chabot, a great personality in the world of wine. Today, Adeline de Barry, his granddaughter, is the current owner of the Château de Saint Martin.

## The Wines

**The Red** is Lively nose with aromas of red and black fruits and figs. Spices like cinnamon and clove are subtly present. Red fruits, black fruits, supple finish with black pepper and spices.

**The Rose** is a wine with a peach color with hints of gold. Fine and elegant nose of violet, jasmine, rose petals but also with notes of ripe vine peach, lychee and mango.

## Our opinion

As the only distributor of Kosher Saint Martin, Maison-Mercier offer you the possibility to sell Grand Cru Classe which will bring you on another level. The Rose has no equal in his category.

***Our Grade : 9.3/10***
