

# CHÂTEAU ANGELUS

## History

The Angelus vineyard is located in the heart of a natural amphitheater in Saint-Emilion. You could hear the bells ringing the Angelus in the morning, at noon and in the evening. They punctuated the working day in the vineyards and villages. The bell on the label of the Château Angelus bottle symbolizes this origin and this moment of contemplation.

In 1954, during the first classification of Saint-Emilion, Château Angelus was a Grand Cru Classé.

## Le Carillon d'ANGELUS

Carillon d'Angelus was born with the 1987 vintage. Reflecting the level of demands of the estate's teams, it is made from a variable percentage of Merlot, Cabernet Franc and Cabernet Sauvignon selected from different terroirs in Saint Emilion.

It is appreciated for the purity of its fruit aromas, for its velvety tannins and its elegant finish.
